

Dr Gary Smyth
President, Faculty of Homeopathy

MB ChB DGM DMH DRCOG DFSRH MRCP FFHom
E-Mail: gsmyth@facultyofhomeopathy.org

Gary works as a General Practitioner and Homeopathic Physician within both the NHS and Private Sector. He has been closely associated with many of the activities of the Faculty of Homeopathy for several years. During this time, he has served on the Faculty's Members Committee, the Academic Board and Faculty Council, including fulfilling the roles of Treasurer and Vice President.

Having worked closely with the late Dr Peter Fisher, he became Acting President following Dr Fisher's untimely death in August 2018. In October 2018, Dr Smyth was awarded a Fellowship of the Faculty in recognition of his contribution to Homeopathy, and in March 2019, he was elected as President of the Faculty of Homeopathy.

He is also Academic Tutor and Director of Education for the Faculty's Academic programme in Northern Ireland and has been a Member of the MHRA's Advisory Board on the Registration of Homeopathic Products (ABRHP) for the past 10 years.

He is active on Social Media and in addition to having a large following on Twitter, Facebook and LinkedIn, he also contributes to the Faculty's Social Media pages. In 2016 he was runner-up in the "Diversified Medic of the Year Award" organised by Medic Footprints. He maintains a good relationship with his conventional colleagues and was an elected member of the RCGP NI Council in the past. He has also written many articles in various health and homeopathy related publications.

He is passionate about raising the profile of the Faculty at every opportunity, increasing links and influence both within the UK and internationally. He is also a firm believer in the advantages of a multi-disciplinary Faculty. He recognises the existence of a diversity of backgrounds, practices and methodologies, yet also a unity of purpose and a common desire to see Homeopathy flourish.

He is interested in encouraging integration, innovation and enthusiasm amongst practitioners and establishing new collaborations with colleagues across the entire Homeopathic community.
