

Draft Conference Programme

1

Thursday 23rd April 2020

08:00 - 09:00

Registration & Refreshments

Chairs: Sharon Baker & Helen Extence

09:00 - 09:05

President's Opening Address

Mechelle Collard - President of the Craniofacial Society of Great Britain & Ireland

09:05 - 09:10

Welcome from Carol Vorderman, CLAPA patron

09:10 - 10:00

Free Paper - Session 1 (CEN)

1. Are we victims of our own success? **Helen Robson**
2. Evaluation of Audiology Services Provided to Children with Cleft Palate in the Trent Region. **Karen Willis**
3. To compare photographs versus clinical examination for determination of dmft and DDE in 5 year of children with UCLP. **Victoria Clark**
4. What influences do consultant surgeons performing a Sommerlad style palate repair consider to be important in the adoption, adaptation, and evolution of their surgical technique? **Dr Sophie Butterworth**
5. Occlusal outcomes in the orthodontic treatment of cleft patients in the UK. **Amardeep Dhadwal**
6. Psychological peer support through outdoor activity for patients and parents before, during and after transition to secondary school. **Jennie Norris**
7. Speech and Language Therapy intervention provision for children born with cleft palate +/- lip (CP +/- L) in the UK: access, equity and the role of regional cleft centres. **Ginette Phippen**

SPP1. Setting Up A Nurse Led Review Clinic. **Michaela Rowe**

SPP2. The buccal fat pad in conjunction with primary cleft palate repair. **M Fullarton**

SPP3. Non-Interventional Factors Influencing Velopharyngeal Function For Speech In Initial Cleft Palate Repair: A Systematic Review.

David Sainsbury

10:00 - 10:55

Keynote Speaker 1: Professor Sharynne McLeod

10:55 - 11:20

Refreshments, Exhibition and Posters

Chairs: Jackie Smallridge & Victoria Clark

11:20 - 12:15

Free Paper - Session 2

8. Educational attainment of children born with unilateral cleft lip and palate: Findings from Cleft Care UK. **Yvonne Wren**
9. A multi-centre review of medical conditions associated with cleft lip/palate and their relevance to paediatric dentistry. **Samantha Gee**
10. Do people with higher genetic liability to orofacial clefts have higher reproductive success? **Thomas Gill**
11. Alveolar Bone Grafts in adult Cleft Lip and Palate patients at The Royal London Hospital: A recent service evaluation. **Ahmed R Din**
12. A Systematic Review of Early Speech and Language Therapy Interventions for Children with Cleft Palate. **Hannah Lane**
13. Part 1. Development of The Hospital Passport & Coping Kit: A multidisciplinary package of care to reduce psychological distress associated with hospital procedures for children born with a cleft and their families. **Jessica Simmonds**
14. Part 2. Evaluation of The Hospital Passport & Coping Kit: A multidisciplinary package of care to reduce psychological distress associated with hospital procedures for children born with a cleft and their families. **Jessica Simmonds**

Draft Conference Programme

1

Thursday 23rd April 2020

15. Changes in alveolar cleft dimensions and its correlation with 5-year speech outcomes and inter-arch relationship in patients with non-syndromic complete unilateral cleft lip & palate.

Richard Thomson

SPP4. Access to specialist dental and orthodontic care for craniofacial patients in the UK. **Nadia Arikat**

SPP5. An evaluation of Psychology 1st appointment clinics in the Welsh Centre for Cleft Lip & Palate: Have the quality improvement aims been met?

Dr Vanessa Hammond

12:15 - 12:45

Keynote Speaker 2: Mr David Drake

12:45 - 12:50

Matt Fell: Global Cleft Care

12:50 - 13:50

Lunch, Exhibition and Posters

Working Lunch: Matt Fell - The Global Cleft Care Session at the CFSGBI

Chairs: Vanessa Hammond & Kate le Maréchal

13:50 - 14:35

Keynote Speaker 3: Dr Liz Gregory

14:35 - 15:05

Free Paper Session 3

16. Behavioural outcomes in children born with cleft lip and/or palate from the Cleft Collective.

Evie Stergiakouli

17. Variation in primary surgery used in primary repair of complete unilateral cleft lip and palate: The Cleft Care UK Study.

Rona Slator

18. Trying to see the whole, not the hole: A case study of a returning adult male patient accessing cleft psychology services.

Jennie Norris

19. The epidemiology of cleft lip and/or palate in Northern Ireland - a 24-year review.

Ms Serena Martin

SPP6. Normal speech at 5 years of age – how did we get there? **Siobhan McMahon**

SPP7. Is Cleft Coding Over Complicated? **Clare Rivers**

SPP8. Oral health: A systematic review of children's involvement in orofacial cleft research. **Sultan Attamimi**

15:05 - 15:30

Refreshments, Exhibition and Posters

Chairs: Charlotte Eckhardt & Scott Deacon

15:30 - 16:40

Arnold Huddart Presentations

1. The impact of additional conditions on the psychosocial adjustment of children born with a cleft lip and/or palate. **Matthew Hotton**

2. Understanding the Barriers to Implementing a Telehealth Service for Children with Cleft Speech Characteristics in Schools.

Niamh Ward

3. Investigating the non-cleft VPD patient.

Hannah John

4. Management of upper airway obstruction in infants with Robin sequence in the United Kingdom. **Marie Wright**

5. Kindelan Scoring Does Not Predict Anatomically Appropriate Canine Eruption. Call For a New, Simple, Reliable, Clinically Relevant Scoring System for Assessing Cleft Alveolar Bone Graft Outcomes.

Ms Jaime Grant

6. The role of non-surgical and minimally invasive interventions in the management of scarring in surgically repaired cleft lips: A systematic review. **Saarah Juman**

Draft Conference Programme

Thursday 23rd April 2020

7. Speech input processing skills and their association with the presence of Cleft Speech Characteristics (CSCs) in children born with cleft palate +/- lip at age 5 years. **Lucy Southby**

16:40 - 16:55

Case Report Session

1. Palatal shelf growth deficiency: a case report. **Annie Pellatt**
2. A case report - My personal experience of orthognathic surgery. **Rebecca Litt**
3. The challenges of managing a teenager with Pfeiffer syndrome – a multidisciplinary and multicentre approach. **Imran Thalukder**

16:55 - 17:00

Investiture of the new President

17:00

AGM

19:00

Gala Dinner - National Museum Cardiff

Dress code: Lounge Suit

Draft Conference Programme

1

Friday 24th April 2020

08:00 - 09:00

Registration & Refreshments

Chairs: Norman Hay & Imogen Underwood

09:00 - 09:55

Updates from the CFSGBI affiliations

09:00 - 09:15: CRANE, Craig Russell

09:15 - 09:25: CLAPA,

09:25 - 09:35: Scar Free Foundation,
Charlotte Coates

**09:35 - 09:45: The Cleft Collective Cohort
Studies Update**, Kerry Humphries

**09:45 - 09:55: Clinical Studies Group / Early
Careers Research Group**, Sarah Kilcoyne &
Stephanie van Eeden

09:55 - 11:00

Clinical Governance Presentations

1. Service Evaluation of Adult Cleft Clinics by
the Liverpool Cleft Team. **Maha Aljefri**,
Deirdre Coffey

2. Comparing Apples And Pears – Identifying
and Quantifying Differences In Speech
Outcomes For Different Cleft Types. The First
Step Towards Utilisation of Risk Stratification in
Unit-Level Outcome Reports. **KJ Fitzsimons**

3. Timing of primary cleft lip and palate
surgery: a multicentre audit. **Clare M Rivers**

4. Investigation of infants with Pierre Robin
Sequence: the use of sleep studies in
monitoring severity. **Madhumitha Rangaraju**

5. Pierre Robin Sequence Cleft Patients Are At
Increased Risk Of Poorer Speech Outcomes
When Compared To Non-Syndromic Cleft
Palate But Not Cleft Lip And Palate Patients.
Implications For Clinical Resource Utilisation
And Future Risk Stratified Cleft Speech
Reporting. **CJH Russell**

6. A multi-centre audit of image capture during
primary palatoplasty and the creation of a
standardised framework. **Matthew Fell**

7. A service evaluation of differences in early
interventions between cleft palate only and
Pierre-Robin Sequence patients that might
affect future dental health. **Rabia Dean**

8. A review of cleft experience and training
needs of UK Paediatric Dentistry speciality
trainees. **Maryam Ezzeldin**

SPP9. Maxillary Expansion prior to Alveolar
Bone Grafting – the burden of care. **Gurdeep
Kaur Hans**

SPP10. Dental arch relationships in a bilateral
cleft population undergoing staged lip repair.
Marnie Fullarton

SPP11. TriCentre: An audit of Clinical Nurse
Specialist provision of oncall to meet the
National Cleft Service Specification; is this an
effective way of responding to referrals?
Jennifer Williams

11:00 - 11:30

Refreshments, Exhibition and Posters

Chairs: Tomas O'Neill & Adrian Sugar

11:30 - 11:45

**Nick Astor, Trustee of CLAPA: "The many
faces of the NHS: every smile tells a story"**

11:45 - 12:30

Keynote Speaker 4: Mr John Blythe

12:30 - 12:50

Keynote Speaker 5: Kelly Forshaw-Smith

12:50 - 13:45

Lunch, Exhibition and Posters

Draft Conference Programme

1

Friday 24th April 2020

Chairs: Michaela Rowe & Sarah Theobald

13:45 - 14:30

Keynote Speaker 6: Ms Sarah Theobald

14:30 - 15:15

Free Paper Session 4

20. Disruption of FOXF2 as a Likely Cause of Absent Uvula, Short Posterior Border of the Soft Palate, Abnormal Tonsillar Pillars and Velopharyngeal Insufficiency. **Rimante Seselgyte**

21. Dental anomalies identified in 10-year old cleft lip and/or palate patients in three UK Cleft Units. **Maryam Ezzeldin**

22. School absence and academic achievement in children born with an isolated cleft. **KJ Fitzsimons**

23. Improving the quality of cleft care before and during attendance at multi-disciplinary cleft clinics. **Julia Cadogan**

24. Cleft Collective Speech and Language Study: Using focus groups to explore intervention provision. **Sam Harding**

25. The development and use of an outcome measure for single session Psychology Interventions in the Welsh Centre for Cleft Lip and Palate. **Dr Vanessa Hammond**

26. Diversity in the Service Users of the Cleft Lip and Palate Association (CLAPA). **Gillian McCarthy**

15:15 - 15:45

Refreshments, Exhibition and Posters

Chairs: Nichola Hudson & Julie Davis

15:45 - 16:25

Free Paper Session 5

27. Validation of cleft phenotype in the Cleft Collective Cohort Studies. **Amy Davies**

28. Epidemiology of Robin sequence in the United Kingdom: findings of a national surveillance study. **Marie Wright**

29. A service evaluation to assess the type and number of dental appointments attended by children with different cleft types at Cleft.NET.East, Addenbrooke's Hospital. **Rabia Dean**

30. Preventing the preventable? Developing a patient pathway. **Tanika Gohil**

31. The development of national congenital anomaly registration in England: prevalence and detection of oro-facial cleft anomalies. **Jennifer Broughan**

32. Assessing oral health impacts in 5-year-old children with cleft lip and palate. **Anna V Graham**

16:25 - 16:40

Awards & Closing Ceremony
